

Legacy sipXcom ISO Images

As of release 19.04 eZuce will no longer be producing ISO images for sipXcom. The appropriate method of installing sipXcom is to install a minimal CentOS 7 release and run an RPM based installation. We've simplified the installation process down to the point where the effort to maintain and test ISO's is no longer necessary.

We'll maintain some ISOs for a little while on the download server but will remove them at some point.

sipXcom ISOs:

Below a list of:

- sipXcom ISO images (64 bit only) for Stable releases
- sipXcom ISO MD5 Hashes
- sipXcom ISO first release dates
- sipXcom Release Notes
- sipXcom ISO Latest Hot Fixes included
- sipXcom Latest Hot Fixes release dates

sipXcom 18.12 ISO Image

sipXcom ISO (Stable)	sipXcom ISO MD5 Hash	sipXcom ISO first release dates	sipXcom Release Notes	sipXcom ISO Latest Hot Fix included	Latest Hot Fix release dates
sipXcom 18.12 64 bit ISO image	sipXcom 18.12 64 bit ISO MD5 Hash	1.2.2019	sipXcom 18.12 Release Notes	None	N/A

sipXcom 18.08 ISO Image
